Description

- The Latest Model in US / Canadian Market: More than 2 million users worldwide trust this model. Now Ninebot S is first officially landed in the United States and Canada in 2019.
- Safety Priority: UL 2272 certification ensures Ninebot S meets high standards for fire and electrical safety. Smart BMS provides reliable battery performance. IP54 waterproof protection ensures operation in various weather conditions.
- Sturdy & Powerful: Ninebot S is compact, weighting just 28 lbs with a max load of 220 lbs. Thanks to the dual 400W motors, it can easily reach a max speed of 10 mph. A single fully charged battery can run up to 13.7 miles, climbing a max slope of 15°.
- Smooth Movement: 10.5" pneumatic tires provide a comfortable ride on bumpy roads. Knee control bar allows for precise steering and easy lifting. Operating temperature: 14-104°F (-10-40°C).
- Intelligent App management: Download the Segway app for anti-theft function, speed limit and adjustment, vehicle self-diagnose, adjustable ambient lights, firmware upgrade, vehicle remote control and more.

Item Weight	12.7 Kg
Product Dimensions	54.8 x 26 x 59.5 cm
Batteries:	1 Lithium ion batteries required. (included)
Item model number	N3M240
Color	Black
Size	Large
Style	Scooter
Height	23.40 inches
Length	21.60 inches
Width	23.40 inches
Material	metal, plastic and rubber
Number of Items	2
Skill Level	All
Wheel Size	10.5 inches
Included Components	Ninebot S Black^Charger
Batteries Included?	Yes
Brand Name	Segway
