Description

PHX Firelite Gloves are an all-around performance powersports glove. Stretch mesh fabric maximizes dexterity and finger range of motion while keeping hands cool throughout. Neoprene injection molded PHX emblem and reinforced knuckle protectors deliver added protection and impact resistance. Enlarged hook-and-loop wrist closure with pressure-molded cuff provides a secure fit and unmatched flexibility. Silicone printed finger tips and palms produce added grip, and are touchscreen compatible. All making PHX Firelite Gloves the glove of choice for every level of rider.

- Silicone finger tip prints for lever grip are touch screen compatible.
- Enlarged hook-and-loop wrist closure with pressure-molded cuff provides a secure fit and unmatched flexibility.
- Multi-layered palm delivers added protection and comfortable bar feel.
- Flexible neoprene injection molded PHX emblem for added protection and impacct resistance.
- Neoprene reinforced knuckle protectors guard against finger injuries.
- Stretch mesh finger couplings for maximum dexterity, full range of motion, and airflow.
